## Community organizing, non-government organization experience, and other volunteer work:

**Artivism Iloilo: Ang Kan-on, Mapilit** October 2022

Rice is embedded deeply within the cultural identity of Ilonggos. Sticky rice, in particular, holds many symbols in Filipino traditions. We offer it to our ancestors' spirits in the hopes that it will guide them home.

This project will highlight the spirit of collaboration, bridging history and the current society, and give importance to old Iloilo downtown; as artists, we are the catalyst of this valuable movement and moment.

**Artivism 5.0 All Rivers Lead to the Sea** March 2022

In partnership with YSEALI, US Embassy and Save the Philippines Sea we designed an innovative approach on how to address marine and riverine issues caused by anthropogenic activities. In our program we hold a series of Webinars, Info Stream, 2<sup>ND</sup> Digital Art Contest, and the Mural Drift.

**Iloilo Arts Festival - Artivism Dool** December 2021

Artivism was invited by Iloilo City Government to be one of the main art groups to present artistic project for the Iloilo Arts Festival 2021. Dool are lateral roots that grow upward out of the mud and water to function as the site of oxygen intake for the submerged primary root system of mangroves, it symbolizes survivability in harsh environments. We created a series of murals along Marymart Centre's alley along Ledesma Street Exit.

To thrive in harsh environments

**Artivism Iloilo x ZSL – ProCoast Project** May 2021

Together with the Zoological Society of London we created a mural series on four different sites around Panay as a celebration of the month of the ocean. It is collaboration to further spread the information on the

importance of ecosystem ecology both in coastal and marine domain. With the help of youth volunteers and civil society organizations, the artists were able to actualize their designs thru a collaborative mural.

**Artivism 4.0 UNCOVid [Uncovering Idiopathy]**

March 2021

Artivism Iloilo put together a set of curated streaming events with a diverse range of artists, musicians, performers and speakers - from the Philippines and the world - as they share and express their thoughts with life in time of the pandemic.

**Artivism 3.0 Marka Merkado**

Dec 2019

To uphold the importance of traditional markets in a time when new commercial and foreign-funded big airconditioned shops and businesses invade even the smaller and sleepier towns, we intended to highlight portraits of the oldest active vendors in Barotac Viejo public market.

Every mural was done by artists from various art styles and disciplines while they met in a common place of impact storytelling - depicting the life, contribution, and memories of the local vendors like Nang Maria, Lolo Rudy, Nay Luisa, etc.

**Artivism Collaborative Mural: Earth Hour**

March 2019

In collaboration with SM City Mall, we initiated a collaborative mural in celebration of Earth Hour - awareness about climate change, about the issues/problems involving our natural environment, about the abuse of our animals and other things.

Artists painted the mural entitled "Sin-o ang Nagkagat?" (*who took a bite?*), a question about who really took a bite, insinuating the destruction of the world brought by humans who have the insatiable hunger for power, money and fame.

**Artivism Collaborative Mural: Agwat sa Dagat**

March 2019

*"Our body and the Ocean alike are made up of Water –  
Protecting the Ocean is securing our Future."*

Together with different stakeholders we joined for this cause by creating collaborative mural, chalk art jam, music about conservation, giving out leaflets stating facts about the ocean and how to take care of it, offer songs about ocean, performance art, short film, and fund-raising. Awareness about the issues connected with the ocean is very critical since we are a country of islands.

**Artivism Collaborative Mural: World Wild Life Day 2019**

March 2019

*"Life Below Water for People and Planet"*

This collaborative mural is in partnership with the Department of Environment and Natural Resources. Together with the volunteers we created silhouettes of people/corals helping one another to clean the ocean of undesired trash or other alien objects while immersing with the wondrous underwater life where fishes breed and where our food comes from.

**Artivism 2.0: Sta. Filomena and the Sea**

December 2018

Focuses on ocean conservation and anti-plastic awareness. We created 200 meter walk of scattered street art along Arroyo Street in Sta. Filomena Villa, Arevalo, Iloilo City. Unlike the first Artivism, we bring art closer to the communities and engaged them through conversations about our advocacy and inspire them to spread the word about the critical issues linked to the ocean and its marine animals/organisms.

**Artivism 1.0: Huring-huring - Community and Social Media**

March 2017

Organized a Street Art Project through British Council Philippines, featuring various Ilonggo artists working on a gigantic collaborative artwork. The event use art as a tool to raise social awareness and promote social impact. It also gives importance to the positive role of social media in communications and information transfer. Also featuring local performance artists in various forms of street art.

[https://www.facebook.com/artivism.iloilo/?ref=br\\_rs](https://www.facebook.com/artivism.iloilo/?ref=br_rs)

**Volunteer, Batak Barotac (Re-building project for Typhoon Haiyan survivors)**

Nov 2013 – March 2014

I supported my girlfriend Kristine Buenavista who initiated the whole project through physical work, graphics for social media, documentation, and other necessary things.

[www.facebook.com/batakbarotac](http://www.facebook.com/batakbarotac)

**Initiator/ Exhibitor (Pag-unong fundraising exhibit for Typhoon Haiyan survivors)**

Nov 2013

With the help of other artists all over Iloilo we succeeded in collecting worth Php 150,000.00 for the benefit of far-flung island in Conception, Isla Naburot. The amount was utilized in repairing the pump boats, construction of new boats, food and operational expenses.
